# MENTAL WELLNESS PROGRAM

## CONNECTING STUDENTS TO ON-CAMPUS MENTAL WELLNESS CARE

Students are facing a new and challenging pandemic: anxiety and depression.

Campus Clinic can help. We offer immediate, affordable and convenient access to mental wellness services.

In the coming weeks, individualized mental wellness appointments will be offered with a licensed medical professional - directly on-campus at your student's school. (Telehealth also available if needed)

Contact us to enroll and schedule an appointment today!
